

GPO 746 TWO TONE

The Petrol Blue / Orange two-tone finish has been developed specifically for contemporary hospitality environments, where colour is used to enhance the guest experience without overwhelming the room design. The deep petrol blue body provides a calm, premium base, while the warm orange accents introduce subtle contrast and character, helping the telephone integrate naturally into modern guestroom schemes. This colourway is particularly suited to lifestyle hotels and design-led properties seeking functional in-room equipment with a distinctive yet professional appearance.

FEATURES:

- Hospitality-focused two-tone finish for modern guestroom interiors
- Deep petrol blue body offering a refined, understated presence
- Orange accent detailing adds warmth and visual interest
- Designed to complement contemporary FF&E palettes
- Integrates seamlessly into lifestyle and boutique hotel guestrooms
- Enhances room character while maintaining a professional, in-room aesthetic
- Ideal for new-build and refurbishment hospitality projects
