3. Installation

The following illustration shows how to install the phone and stand.

4 Operation

Answering a Call

An incoming call is indicated by a ringing tone and a flashing indicator at the top of base. You can answer the call by doing one of the followings:

USING THE HANDSET

- Pick up the **handset** to answer the call.
- If one line is already in use, the ASP-6210-S will automatically select the ringing line.

USING THE SPEAKER PHONE

- Press the **Speaker** key.
- The ASP-6210S will select the ringing line and answer with the speakerphone active.

Making a Call

USING THE HANDSET

- Pick up the **handset**, the "LINE" LED will turn on (if both line are inactive, line 1 will be selected, If one of two line is active, the inactive line will be selected.
- Dial telephone number with the alphanumerical keypad.

USING THE SPEAKER PHONE

- Press either the **Speaker** key or the **Line** key.
- Dial telephone number with the alphanumerical keypad.
