Connecting the Phone

The following illustration shows how to connect the power

The following illustration shows how to install the phone and stand.

3 Operation

Answering a Call

An incoming call is indicated by a ringing tone and a flashing indicator. You can answer the call by doing one of the followings:

- Pick up the **handset** to answer the call.
- Press the **Line (Line1/Line2)/Speaker** key to answer the call.

Making a Call

Dialing with the Keypad

- Enter the telephone number with the alphanumerical keypad.
- After entering the number you want to call, press the # key to force dialing or wait for 4 seconds before the number is dialed automatically.

Using the Speed dial keys

You can use the 10 pre-assigned speed dial hotkeys, to configure the most commonly dialed numbers. Use the function to dial a number quickly, instead of keying in a complete number.

To call a number using speed dialing, follow the steps below:

- Press the speed dial hotkey that has been pre-assigned to the phone number and the call will start automatically.

Call Options

While a call is in progress, a number of additional options are available.

Using the Speaker Phone

For hands free operation, you can use the built-in speaker to talk on the phone. To use the speakerphone, follow the steps below:

- While talking on the phone, press the **SPEAKER** key on the phone to enable the Speakerphone function.
- Press **SPEAKER** key again to terminate the call.

Putting a Call on Hold

You may want to put a call on hold temporarily while doing some work or attending to a second incoming or outgoing call. To put a call on hold, do one of the following:

- Press the **HOLD** key on the phone to put the call on hold.
- When you receive a second call, press the next available **LINE** key to attend to the new call, and the first call will be put on hold automatically.

Checking Voice Messages

If the **message waiting indicator** at top of handset or base unit lights up in red, it indicates that there are one or more new messages in voicemail box.

- Press the **MESSAGE** key on the phone to retrieve voice messages.
