Front View

	Name	Description
1	Ring Indicator	A red light indicator means that you have incoming calls.
2	Dialing Pad	Press the buttons to dial a phone number or enter alphabetical characters.
3	Speed dial Service Keys	Press any of the keys to speed dial the preset contact number.
4	Hold	Press to put an active call on hold.
5	Redial	Press to call the last number dialed.
6	LINE 1 / LINE 2	There are two LINEs bottom in this IP Phone.
7	Volume control keys	Increases or decrease the volume for the currently active voice receiver for handset. The volume button also controls the ringer volume when on-hook.

3. Installation

The following illustration shows how to install the phone and stand.
4   Operation

Answering a Call

An incoming call is indicated by a ringing tone and a flashing indicator at the top of both handset and base units. You can answer the call by doing one of the followings:

- Pick up the **handset** to answer the call.

Making a Call

Dialing with the Keypad

- Enter the telephone number with the alphanumerical keypad.
- After entering the number you want to call, press the # key to force dialing or wait for 3 seconds before the number is dialed automatically.

Call Options

While a call is in progress, a number of additional options are available.

Putting a Call on Hold

You may want to put a call on hold temporarily while doing some work or attending to a second incoming or outgoing call. To put a call on hold, do one of the following:

- Press the **HOLD** key on the phone to put the call on hold.
- When you receive a second call, press the next available LINE key to attend to the new call, and the first call will be put on hold automatically.

5 Support

To configure through the web browser, do the following:

- Ensure the phone is powered up and connected to a DCHP network.

- Pick up the handset and then press *112*113#, the IP address is announced by the phone.

- Open your browser (such as Chrome, Firefox, etc.) and type in the web address of the phone. For example, http:// IP.address.of.thePhone:8000

  When the Web login front page is displayed. Enter the user name and the password and click **Login**. The administrator's user name and password are "**admin**" and "**1234**" respectively.
